SECOND HAND UNIFORM

MUSCLE MANIA

Grade 1 Muscle Mania Tip of the Week

The Grade 1's are working very hard at mastering the spatial placement of letters that take up two lines, namely the "head letters" (b, d, f, h, k, l & t) and the "tail letters" (g, j, p, q & y). We call the letters that take up one line only, "tummy letters". It is important that your child starts each letter in the correct position to enable accurate placement within the lines. Please assist your child's developing awareness by drawing their attention to the letters that go into the "head line" and letters that hang down onto the "tail line". Please continue to encourage good handwriting habits during informal and fun writing opportunities. We are entering the season of "thank you" cards and festive celebrations, which allows for lots of fun writing practise.
