**TAKEALOT**

Takealot.com, South Africa's leading online retailer, are very proud to partner with Reddam House to be your 2019 online stationery supplier for all your Back to School needs.

Shopping for stationery and textbooks will now be easier and more convenient as we'll share grade specific links that will take you directly to your child's required stationery list. Here you'll be able to shop for all your child's stationery with a few clicks of a button and with delivery straight to your door.

In addition to this convenience, our exceptionally competitive pricing and R150 discount voucher on first time orders means that you'll be saving both time and money.

Look out for further communication with the details on how to buy.

## GRADE 1 MUSCLE MANIA – TIP OF THE WEEK

Here are some fun and simple ideas to keep your children's fingers busy during the holidays:

- **Popping bubble wrap** by squeezing the bubbles between the tips of your thumb and index finger. Try to maintain an open web space by keeping the thumb bent in the same way you would handle a pencil. This is a useful on-the-go activity to alleviate boredom. Moms, keep some in your handbag!
- **Playdough!** The Grade 1's are not too old for playdough - they love it! It is easy to make at home – let your children participate in the making process. Add some vanilla essence, essential oils or glitter for extra fun.
- **Baking and cooking activities** can be great for the development of fine motor skills. Stirring, cutting, kneading and using your fingers to carefully decorate biscuits and cupcakes require skilled bilateral hand use and fine motor strength and dexterity. If your child is grasping cooking utensils awkwardly, you can assist them by placing their fingers in the correct place to let them get a "feel" for the correct positioning.
